The Individual Class Championships in a full year of 12 events are based on the best 10 rides. If a rider rides in more than 10 events their lowest scores will be dropped. If there are less than 12 events the number of rounds that count will be reduced pro rata. Eg: If there are only 10 events the best 8 will count. This system is to enable riders to miss their ride when their own club is the organising club and to allow for holidays etc without them being disadvantaged. Riders may ride in their own club's event if they are not required to perform official duties and they will be allocated points towards the Individual Championship.
